Description:

Early Dutch Sailing Chart of the Northern Coast of Morocco -- El Jadida, Casablanca, Rabat, Kenitra, Larache, Cap Spartel

Rare sea chart of the north coast of Morocco, centered on Rabat and Casablanca.

The chart is oriented with southeast toward the top and extends from C. de Cantin (El Beddouza) in the south to just west of Tangiers.

The chart appeared in J Blaeu's *Het Licht der Zee-vaert* , first published in 1608.

The charts for this atlas are titled in both Dutch and French and are extremely rare. This is the only example of the chart we have seen on the market in more than 20 years.
