Stock#: 6229h
Map Maker: Thomson
Date: 1814
Place: Edinburgh
Color: Hand Colored
Condition: VG+
Size: 24 x 16 inches
Price: SOLD

Description:

Outstanding highly detailed map of the US, extending west to just beyond the Mississippi and featuring a host of early transitional borders. Georgia still extends to the Mississippi. Ohio is not yet shown, with the entire old Northwest Territory simply called The Western Territory. The Mississippi includes a navigational note from Hutchins explorations. Many Indian names noted throughout Georgia and the Western Territory. West Florida still extends to the Mississippi River. Dozens of forts shown in the west. The map of the St. Lawrence includes well over 100 place names. A terrific pair, not usually found together, as they are often split into two for the collector's market.
