Description:

Scarce map of Florida, the Gulf Coast, the Southwest, Mexico and Central America, from the second edition of De Fer's *Atla Curieux*. The map includes notes along the coastline reflecting the discovery of the Mouth of the Mississippi and La Salle's time in Texas in 1685. Longitudinal notes in the lower cartouche. Excellent detail in Mexico and Central America and along the coast of Florida. Extends North on the Rio Grande to Santa Fe. Names name Pascogoula (Pascobula), Biloxi (Biloky), Mobile and Biscayne Bays. This map was apparently not issued in all editions of the *Atlas Curieux* and tends to be much scarcer than the other North American maps. Minor repaired tear in the Gulf of Mexico, else a nice example in old color. Normally a \$1200.00 map.
