Map of North America

## **Description:**

Detailed map of North America, illustrating Scotish politician James Stuart's travels through the United States.

The map notes, "Mr. Stuart's route through the United States, and Canada in 1828, 29 & 30" and "the boundary of the United States, both on the side of the British Possessions, & those in Mexico."

The northern border of United States territory west of the Rocky Mountains is boldly shown as  $54^{\circ} 40^{\circ}$ , which was the boundary then claimed by the United States.
