Description:

A virtually flawless example of Hondius' map of Italy, one of the most decorative of all early 17th Century Italian maps. The map is richly embellished with cartouches, sailing vessels, sea monsters and a wonderful rendering of Neptune and his mate. Portraits of Romulus and Remus in the lower right corner. An attractive example of this highly decorative and scarce map. While the later editions by Jansson appear on the market, this early Hondius edition has not appeared in a dealer catalogue for in Jolly in 10 years (Martayan Lan 1992). An outstanding collector's map.
