Description:

Nice early map of South Carolina from Carey's *American Pocket Atlas*.

The map shows towns, travel routes, and topography.

Following the publication of Carey's *American Atlas* in 1795, there were a small group of 18th Century works which included a complete set of state maps, including John Reid's *American Atlas*, Joseph T. Scott's *Gazetteer*, Carey's *American Pocket atlas* and works by Jeddidiah Morse. This small group of maps and the few separately issued maps of the region, which are now virtually unobtainable, mark the beginnings of the indigenous cartographic publishing business in America, and are now highly soughtafter.
