**Map Maker:** Britton & Rey  
**Date:** 1896  
**Place:** San Francisco  
**Color:** Uncolored  
**Condition:** VG+  
**Size:** 33.5 x 37.5 inches  
**Price:** \$ 795.00

**Description:**

***Mother Lode in Calaveras and Tuolumne Counties***

An interesting and little known map, centered on the Stanislaus River in Gold Country.

The map is quite exceptional, "covering 860 square miles of territory and showing location of 500 different mines.

A fabulous separately issued map covering one of the most historically important mining regions of California.

The map is also of note as being a very late Britton & Rey imprint.

**Detailed Condition:**
