Description:

Scarce early 19th Century Sea Chart of Ireland, published by the French Depot De La Marine.

Stuart Amos Arnold is credited as the source of the chart. Arnold published several commercial works on Navigation in the 18th Century, before losing an arm, at which point he became famous as a hot air balloonist, touring Europe with his flying circus. The present chart is based upon is now very rare chart entitled *The West Coast of Ireland*, published in 1783.

The map includes insets of several regions, including:
