Description:

Striking example of this decorative map of Italy, one of the most decorative early 17th Century Italian maps to appear in a commercial atlas.

The map is richly embellished with cartouches, sailing vessels, sea monsters and a wonderful rendering of Neptune and his mate. The image of the two mer-people embracing with bare chests is a hold over from the controversial images present in the first edition of Ortelius' modern map of Italy.

Includes portraits of Romulus and Remus in the lower right corner.
