Facies Poli Antartici ex recentissimis itinerariis descripta . . .

Stock#: 67231
Map Maker: Weigel
Date: 1718
Place: Nuremberg
Color: Hand Colored
Condition: VG+
Size: 14 x 12.5 inches
Price: \$ 675.00

Description:

Interesting and nearly completely conjectural map of the South Pole from Davide Kohler's *Descriptio Orbis Antiqui*...published by Weigel in 1720.

The map shows the prevailing belief in a massive southern hemisphere, which extended to just south of the Straits of Magellan and Le Maire, both of which are shown on the map.

An interesting retrospective projection.
