Description:

The Ottoman Province of Syria

Scarce separately published map of Syria, published in London by John Wyld.

Published at a time when the region was under the control of the Ottoman Empire, "Modern and Ancient" Syria extends to the modern regions of Palestine, Israel, Gaza, Lebanon and part of Jordan.

The map provides a fine historical overview of the region, with historical placenames and data dating back nearly 3000 years to the Phoenician period.
