Description:

Detailed map, colored by county. Shows towns, railroads, villages, post offices, forts, swamps, etc. Inset of the Keys. Decorative border. 6 counties (Hillsboro, Brevard, Manatee, Monroe, Dade and the recently established Polk County) dominate the southern portion of the state. Less than half of the counties have been formed, although the townships associated with the GLO state surveys are nearly completed. The southern part of the state is limited to early forts, a few roads and details on early battles. An excellent early map of Florida.
