### Description:

First state of Meyer's map of Tennessee.

Elegantly engraved and detailed map of Tennessee, taken based upon Tanner's work in the early 1840s.

Shows counties, towns, roads, canals, lakes, etc. Detailed insets of Knoxville and Nashville. While often referred to as the German Mitchell, this characterization is unfair, as the work appears to be a collaborative effort which predates the sale of Tanner's plates to SA Mitchell.
