Description:

Very rare Swedish map of the region around Lakes Vättern and Vänern, covering the traditional Swedish provinces of Linköpings and Karaborgs, as well as parts of the neighboring provinces.

The attractive title cartouche includes allusions to water (and its bountiful nature), which is common with the Swedish maps of this time.

In the lower-right corner the map has the engraving credit: "Graverad af C: Bergquist och F. Akrel 1774."

Detailed Condition:

Original hand-color. Some minor soiling.
