Separately Published Map of Georgia

Scarce separately published pocket map edition of GW & CB Colton's map of Georgia.

Shows roads, railroads, towns, villages, post offices, rivers, lakes, stations and a host of other details.
Decorative border.

A terrific map, from GW & CB Colton, one of the most prolific American mapmaker families of the mid-19th Century.

While the atlas version of the map appears with some frequency, the pocket map versions are much scarcer on the market.
