Description:

Rare early view of Rio De Janeiro from From GIUSEPPE DI SANTA TERESA, *Istoria delle Guerre del Regno del Brasile...* published in Rome in 1698. One of the most interesting early large format views of the region and certainly one of the scarcest. Shows Rio and the original settlements of S. Christofero and S. Sebastiano, along with ships in the harbor, two fortifications at the mouth of the harbor and a decorative compass rose. An excellent early view in attractive color. Part of the right margin has been extended, without loss to the printed image.
