A detailed map of Utah and Nevada, colored by counties and showing towns, roads, railroads, rivers, lakes, and a host of other details.

While earlier editions of the map include all of Utah but lack the southern tip of Nevada, this 1884 edition adds an inset covering that area.

S.A. Mitchell Jr. acquired his father's former business from DeSilver in 1860 and relaunched a very successful atlas publishing business that survived more than 20 years, before licensing and selling off much of his inventory and rights.
