Description:

Elegantly engraved & detailed map of North Carolina, based upon Tanner's work in the early 1840s.

Shows counties, towns, roads, canals, lakes, etc. Detailed insets of the Gold Region.

While often referred to as the "German Mitchell," this is an unfair characterization, as the maps have some significant differences and are better engraved than Tanner or Mitchell's work. The project listed publication in Hildburghausen, Paris and Philadelphia, but we know of no connection to Paris.

An interesting map for collectors.
