### Description:

#### ***The Earliest Obtainable Map of La Jolla.***

Very rare plat map of La Jolla, California from 1912.

The map shows numerous street configurations that never made it into the actual built layout of the Village.

The "La Jolla Rail Road" is shown extending down Electric Avenue and "Covier" Street to Prospect.

Plots are shown, many of which (such as the one on which our shop is located) still exist today.

A number of antiquated neighborhood names are labeled on the map: "La Jolla Park", "La Jolla Beach", "South La Jolla", and "Prospect Park".

A small subdivision off Soledad Avenue called La Jolla Hills is shown as an inset.

This is from W.E. Alexander's 1912 *Plat Book of San Diego County, California* published by the Pacific Plat

Drawer Ref: Southern  
California
