Description:

Rare antique engraved chart of St. Paul's Bay, Malta, published by William Heather in London.

The chart is oriented with south at the top. It includes soundings, some topographical features and anchorages.

Salmonetta is St. Paul's Island. A number of lighthouses and towers are shown, along with "Redemption", a tower which we cannot identify, but appears to be in the area of Ghajn Hadid Tower.

The charts from Heather's *New Mediterranean Pilot* . . . are extremely rare on the market. This is the first example of the chart we have ever seen.
