Description:

General Map of The Mexican Republic Published By Garcia Cubas

Fine example of one of Garcia Cubas's decorative general map of Mexico, published in 1858.

This scarce map of Mexico appeared in Antonio Garcia y Cubas' monumental *Atlas Geographico, Estadistico e Historico de la Republica Mexicana*, the first atlas of the Mexican Republic.

This is the so-called geographical and statistical chart of Mexico, including extensive statistical information around the map of the country that is hand-colored by state.

Antonio Garcia y Cubas was Mexico's first great map maker and his work is highly sought after. Only 300 examples of the atlas were reportedly printed and separate maps rarely appear on the market.
