Description:

A nice old color example of Speed's map of Oxford, from an early edition of Speed's Theatre of Great Britain, published by Sudbury & Humble. Speed's atlas is one of the landmark's of English Cartography and highly sought after for its decorative quality and importance. With 18 armorials, two scholars and a plan of Oxford. Minor soiling in the margins and one or two marginal chips. A bit of misfolding at the centerfold, but in all a nice example of the rare early edition of the map.
