### **Description:**

Scarce map of the State of Guanajuato in Mexico, from Garcia y Cubas' monumental *Atlas Geographico, Estadistico e Historico de la Republica Mexicana.* 

Garcia y Cubas was Mexico's first great lithographer, and his work is highly sought after.

This map shows the various regions within the state, towns, roads, rivers, etc. The surrounding text includes a wealth of information regarding Guanajuato, including History, Climate, Agriculture, Minerals, Livestock, Commerce, Population and Itineraries.

### <u>Rarity</u>

Only 300 examples of the atlas were reportedly printed, and separate maps rarely appear on the market.
