Description:

Rare Separately Published Map of the Pacific Ocean

Rare separately published map of Oceania, featuring a larger portrait of Dumon d'Urville in the top right corner.

The map focuses on the routes of the primary explorers in the Pacific and Southeast Asia, noting the routes of Cook and La Perouse.

Rarity

This is the first edition of the map, which was apparently reissued several times in the 1840s and 1850s. All editions are very rare on the market.
