**Condition:** Good  
**Size:** 13.3 x 9.9 inches  
**Price:** SOLD

### Description:

Early manuscript copy of Sebastian Munster's map of Italy from Munster's *Cosmographia*, first issued in 1545.

The map provides a list regions at the lower right and text on the verso in German, along with later scrawlings.

The map is on laid paper with a watermark. We suspect the map was drawn in the early 17th Century.

### Detailed Condition:
