Description:

Striking large and highly detailed map of the Holy Land, illustrating the 12 Tribes of Israel and other Biblical information. Two large attractive cartouches. Dated 1691. A bit of soiling at the centerfold, but overall a nice example. A fine decorative example with wide clean margins. Perhaps the largest of all Holy Land maps to appear in a commercial atlas. From Jaillot's monumental atlas. This example has been restored in the lower left and right corners, with some minor restorations in the printed border. Normally a \$900.00 map. The image we are using is a file image, which does not show the restoration work.
