### Description:

Vibrant travel poster bird's-eye view map of California, issued for Virgin Atlantic's entry into the California market, which began with a flight to Los Angeles in 1990.

With its bright and loose graphics, the poster is quite redolent of the early '90s. It labels many destinations around California and in particular Southern California; Santa Monica, Palm Springs, La Jolla, Hollywood, etc.

The poster is apparently quite rare today. We have found no other examples.

### Detailed Condition:

Archivally backed on modern poster linen. Old small creases at the edges, particularly in the lower-left corner.
