Size: 17 x 15 inches
Price: SOLD

Description:

Scarce map of Africa, illustrating early roads in the interior of Africa and the routes of important early travellers in the region in the first decades of the 19th Century.

The map is apparently keyed to the text in volume 2 of Carl Ritter's Geography work. Carl Ritter (1779 – 1859) was a German geographer. Along with Alexander von Humboldt, he is considered one of the founders of modern geography.
