Description:

The Bissagos Islands

Finely engraved chart of part of the Guinea Coast, hydrographer to the King of France.

The map shows soundings, safe anchorages, forts and sandbanks clearly marked.

From a Dutch edition of Bellin's Atlas.

Bissago Islands

In pre-European colonial times, the islands were central to the trade along the coast of West Africa and they built up a powerful navy. In 1535, this enabled them to rout the Portuguese, who later built a fort on Bissago, which was abandoned in 1703.
