Description:

Scarce pictorial view of California, published by Harvey Hutter & Company.

The image is part of the Harvey Hutter Company's "View of the World" series.

We note a signature of "Spore" at the bottom right. We presume this is Jenny Spore, who did several other city views in the mid-1990s for Riley Marketing of Springfield, Missouri.

The view is based on Saul Steinberg's famous *New Yorker* magazine cover "View of the World from 9th Avenue", which appeared in March 1976, and lampooned New Yorkers' alleged navel-gazing attitude.

The present view is one of a large series of images that riffed on the Steinberg concept while substituting other American and worldwide cities. Steinberg's original work has been the subject of almost-countless parodies, including one, by Columbia Pictures, which resulted in a copyright infringement lawsuit.
