### Description:

Wonderful bird's-eye view map of the Lake Taupo and Lake Rotorua "thermal region" on the North Island of New Zealand.

The map is the centerfold image in a pamphlet issued by the New Zealand Tourism Department in 1923.

Geyers and other volcanic activity are illustrated pictorially throughout the map.

A wonderful treatment of this unusual region.

### Detailed Condition:

Folding pamphlet map. Two staples at the central vertical fold.
