An Accurate Map of the English Colonies in North America Bordering on the River Ohio

Stock#: 77435
Map Maker: Universal Magazine
Date: 1754
Place: London
Color: Hand Colored
Condition: VG
Size: 10 x 8 inches
Price: SOLD

Description:

Carolina Shown West of North Carolina -- Virginia Extending to Lake Michigan

Scarce early map of the British Colonies in North America, one of the earliest maps to appear in a British Publication.

The map shows the British Colonies extending to the Ohio River, a direct encroachment upon the claims of the French. The map provides a curious depiction of the Colonies, with boundary lines trending northward, rather than to the west, as would become the somewhat more standardized depiction following the publication of John Mitchell's map in 1755.

The course of the Ohio River and other western rivers was still not well known.

Detailed Condition:

Faded old color. Minor toning and edge wear to map
