Description:

Decorative chart of the Solent, Isle of Wight and adjacent mainland coastline, published by the Depot de la Marine.]

The chart extends from the mouth of Poole Harbour to Southampton and Selsey Bill, incorporating significant historical maritime coastal regions and areas well-known to leisure sailors today. Included are Christchurch, Lymington, Portsmouth and Hayling Island. The title appears in a large, decorative cartouche at lower left along with an explanatory key. The mileage scale runs up the right side of the map. A practical chart by one of the most well-known figures of the French hydrographical department.

The chart was issued in the standard French chart book of the period, the "Atlas Neptune" issued by the Depot De la Marine under the control of Jacques Nicolas Bellin. One of the best charts to cover the area.
