Description:

Highly detailed map, extending from Morocco to Lybia and south to the Great Desert, and the Nomadic Tribes and showing a nice treatment of the Western Mediterranean, from Gibraltar to Greece, centered on Sicily and Sardinia. Highly detailed regional map, one of the best regional maps of the area to appear in an English Atlas during the period. Pinkerton's now rare elephant folio atlas is one of the best engraved works of the period. While lesser known than the more common atlases by Cary & Thomson, it is a superior work, especially in the detail of the maps. A nice example, with only minor soiling at the centerfold and outer margins.
