Price: \$ 575.00

Description:

Finely engraved sea chart of Grenada in the southern windward Islands, prepared for the French Hydrographic Office.

The chart shows great detail of the countours, roads, villages, and ports. Above the decorative title cartouche is a profile showing the coastline from Le Grison to Cap David.

. . . 1760**

Jacques Nicolas Bellin was the chief hydrographer of the French Depot de la Marine for a significant period of time in the mid-18th century. Under his direction, the Depot de la Marine systematically mapped the coastlines of the world with more precision and accuracy than the contemporary English and Dutch chart makers of the time period.
