**Place:** London  
**Color:** Hand Colored  
**Condition:** VG  
**Size:** 11.5 x 6 inches  
**Price:** \$ 450.00

### Description:

Decorative antique double hemisphere map of the world, by John Senex.

The map shows California as an island, a nice early depiction of Australia (New Holland) connected to New Guinea, one coastline for New Zealand, no Northwest Coast of America, and a speculative land bridge from Asia to Alaska.

We have had a state of the map without the promotional text in the lower space between the hemispheres.
