Description:

Striking birdseye view style map of Long Beach and Greater Los Angeles, published by the Long Beach Chamber of Commerce.

This well illustrated promotional pamphlet features a bird's eye view map of Los Angeles County with Long Beach centrally located at the lower edge and another map of the City of Long Beach California, each designed by Mary Hall Atwood and bordered with numerous vignette illustrations of points of interest. The verso contains information on how to "Make Long Beach Your Vacation Headquarters."

This map follows 3 years after Mary Hall Atwood's similar but smaller pair of maps, also published by the Long Beach Chamber. While the maps are thematically similar, this is an entirely new pictographic map, with new views and enlarged images: {{ inventory_detail_link('26439') }}
