Description:

Wonderful pictorial map by George Avey of Phoenix, Arizona and the surrounding region.

Avey was also responsible for [the famous "Valley of the Sun" pictorial](#) in much the same style. However, that map was published 10 years before the present one and is seemingly not quite as scarce.

The pamphlet also features a two-page photographic bird's-eye of downtown Phoenix.

Elements of Arizona's history and irreverent cartoons make up important elements of the map's composition.

Detailed Condition:

Forming part of the "Arizona Highway" April 1957 pamphlet. Some minor wear.
