Description:

Fine old color example of Covens & Mortier's map of South America, based upon Guillaume De L'Isle's map.

The map includes marvelous detail in the interior, based primarily upon the reports of the Jesuit Missionaries who were then fanned out within the interior of the continent converting Indians and sending reports back to Europe.

In the Pacific, the tacks of the major explorers are shown, including Magellan (1520), Mendana and de Gallego (1568), Drake (1577), Sarmiento (1579), Mendana & Quir (1595), Van Noordt (1600), Le Maire and Schouten (1616). Several of the places discovered by these explorers are also noted.
