Description:

Marvelous large format map of Australia, with large inset maps of New Zealand and Sydney, and a smaller inset map of Tasmania. West Australia, Victoria, New South Wales, Queensland, North Australia, and a South Australia that extends north to Daly Waters are shown.

Many 19th-century explorations are noted with the explorer and the date, including the ill-fated Burke and Wills expedition of 1861 at the Gulf of Carpentaria. Dashed lines mark the Overland Telegraph down the center of the country and the undersea telegraph cable to Java, connecting Australia to the rest of the world.
