Rare second view of Vienna, published by Braun & Hogenberg in the final volume of their 6 volume epic work, *Civitates Orbis Terrarum*.

The inclusion of this view in the final volume reflects the remarkable growth in stature of Vienna as a European capital between 1572, when the first view was published by Braun & Hogenberg as the top half of a sheet that include Buda and 1617, when the city merited its own double page view.
