Description:

One of the best mid 18th Century maps of California, Baja California and parts of Arizona and Mexico. Extends North to show the Channel Islands and Pt Concepcion, San Pedro and San Diego. Extends north along the Colorado and east along the Gila to include Casa Grande andthe Phoenix and Tuscon areas. The Missions in Arizona and Baja California are noted and in some cases, the founding date shown. One of the best mid 18th Century maps for California and Baja Collectors and certainly the most ambitious commercial effort to map the region. An essential map for Baja, Arizona and So Cal collectors. A good example, with a number of small pinholes, one misfold and oxidized green (now brown) coloring, but still a good example. Normally a $850 map.
