(Crater Lake) Topography | Oregon (Klamath County) Crater Lake National Park

Stock#: 88330
Map Maker: U.S. Geological Survey
Date: 1911
Place: Washington, D.C.
Color: Color
Condition: VG
Size: 13.8 x 20.5 inches (including text)
Price: SOLD

Description:

Antique and interesting ephemeral USGS map of Crater Lake National Park, provide both a guide to the park and a background regarding the park's geology for a general audience.

The main map shows the layout of the park, with its many peaks and deep lake. Detail is extensive, typical of USGS maps. Early roads and trails into the park are shown; these remain extremely limited. Soundings are given for the lake and Wizard Island is shown.

The verso includes an extensive description of the geology of the area. Drawings of the crater, the lake, and a hypothetical depiction of the former Mount Mazama are shown. A cross-section through the park is shown at the bottom.

Detailed Condition:

Printed both sides. Minor loss in upper right of map, near bald crater. Some toning.
