Description:

Fine vintage map of the city of Framingham, showing the city in magnificent detail as it stood at the start of the 1950s.

The map, produced by the US Geological Survey for its 7 and 1/2 minute series, would have been the most detailed of its time to show any substantial area. It centers on Framingham and shows contour lines, roads, individual houses, and much more.

Framingham is one of the older municipalities in the United States, having been incorporated in 1700. It is located just west of Wellesley, near Boston.
