Description:

Rare 1846 edition of Bradford's map of North Carolina.

This is the final edition of the map and is quite rare on the market.

Bradford's map is hand colored by counties and shows very early towns, rivers, forts, post offices and other details. Bradford's atlas was a departure from other atlases of the period. Along with HS Tanner, Bradford produced an elegant, well engraved large format atlas on high quality paper.

The 1830s were a fascinating transitional period in the US and in domestic cartographic publishing. Bradford's work is without question an important part of this era. The maps were engraved by GW Boynton or S.Stiles, Sherman & Smith.
