**Description:**

***Lassoing Wild Horses in the Rockies***

A dramatic western scene, showing two Native American horsemen and three white men as they struggle to lasso several horses from a herd of wild horses somewhere in the West - the towering snow-capped mountains in the background suggest Colorado or Wyoming or elsewhere in the Rocky Mountain region.

The print is unsigned and the artist is unknown, though we believe it was created in Germany or somewhere in Europe.

**Detailed Condition:**

Large chromolithograph print on textured paper. One-inch tear to upper margin and few other minor edge nicks. Overall quite clean and nice.
