Nice example of Heinrich Bunting's map of Palestine.

The map extends from Gaza and Moab in the south to Sidon and Lebanon in the north, tracking the Jordan River in the east.

This scarce map is from Heinrich Bunting's *Itinerarium Sacrae Scripturae*. It is believed that more than 60 editions of Bunting's *Itinerarium* were published in various languages between 1581 and 1757. Bunting's work describes the travels of religious figures in the Bible and was the most complete summary of geography of the Bible of this period. *Itinerarium Sacrae Scripturae* was first printed in Helmstadt in 1581 and was produced in numerous editions in Germany. The book was so popular, it was also issued with text
