**Size:** 24 x 17 inches  
**Price:** \$ 145.00

### Description:

Detailed railroad map of Oregon, published by George Cram in his *Standard American Railway Atlas*.

The map shows counties, railroad lines, towns, rivers, township surveys, lakes, mountains, creeks, waterfalls, and a host of other information.

We date the map at 1892, as it pre-dates the creation of Lincoln County in Northwest Oregon (from Tillamook and Benton Counties).

### Detailed Condition:
