California Virtual Image Map

Stock#: 90144
Map Maker: GeoWare
Date: 2000
Place: U.S.A.
Color: Color
Condition: VG+
Size: 23.25 x 30.25 inches
Price: SOLD

Description:

Fine, computer-produced elevation and land-use map of California, showing the topography and diversity of the nation's most populous state.

The map includes some thirty types of land indications, as well as various other symbols and denotations. Elevation appears to be shown using the darkness of the image, although this is not fully clear.

This map was published by the now-defunct www.geowaremaps.com and credits John Crews as the creator.
