Description:

Good example of this sought after map of the Chesapeake, from the first French edition of Mallet's atlas. The map is based upon Augustine Hermann's map of 1673 and later maps of the region. Extends from the Saquesahanoug R in the North to Pomejok and C. de Trafalgar in the South, and inland along the Powhatan R and Toppoahonoc R. Jamestown is located, as is Smythe's Island? A nice example, from the first edition of Mallet's work.
